

SCHEDULE FOR SUMMER, 2015: MINILINGUISTS AT MONTGOMERY COLLEGE, ROCKVILLE CAMPUS (programs for groups of various ages; first through twelfth grades)

Sign up online: <http://cms.montgomerycollege.edu/wdce/youthsummer.html>

Minilinguists is bringing its program and staff to the Rockville Campus. We have our director, Kaaren Agnez, who is responsible for curriculum; a counselor fluent in the target language, and a program assistant. This gives a high adult/child ratio which will allow your child to have fun in a safe, educationally sound environment. At the College, we will have access to an intelligent classroom and will play games outdoors on the campus as well. This year we are teaching one age group and language per week.

Children will participate in fun activities to have a camp experience in hoosen language: relays and scavenger hunts, music, theater and crafts or arts;

All programs are one week. This will give students the chance to add to their language abilities and to learn the basic skills needed to participate in an immersion experience.

Week	French	Spanish	Chinese
